THOTA HEMANTH REDDY

themanth2006@gmail.com | 9704209025 | LinkedIn | GitHub

Career Objective

Computer Science student with strong foundations in Core Java, Object-Oriented Programming, Data Structures, SQL, and full-stack web development. Passionate about building scalable software applications and continuously learning modern backend technologies including Spring Boot and Microservices.

Education

Marri Laxman Reddy Institute of Technology and Management 2022 – 2026
- B.Tech in Computer Science and Engineering (AI & ML) (CGPA: 8.72)

Sri Chaitanya Junior College 2020 – 2022
- Intermediate (MPC) (Percentage: 95.1%)

Technical Skills

Languages: Java, SQL, C ,Python

Web Technologies: HTML, CSS, JavaScript,Typescript,react,rest API,Next.js

Databases & Cloud: MySQL, MongoDB, Azure

Core Skills: Data Structures & Algorithms, Object-Oriented Programming, Problem Solving

Developer Tools: VS Code, Git, GitHub

Internship

Web Development Intern , CoderOne (Remote) Dec 2024 – Feb 2025

- Developed a full-stack **Feedback Collection System** during my Web Development Internship to streamline user feedback submission and management, designing responsive frontend interfaces using HTML, CSS, and JavaScript for seamless cross-device interaction.
- backend services and database integration for secure storage and efficient retrieval of feedback data, optimizing application performance through structured data handling and clean code practices.

Projects

Marine Debris Detection | LINK

Implemented a CNN-based image classification pipeline for detecting marine debris in satellite imagery. Performed image preprocessing, data augmentation, and hyperparameter tuning to enhance model performance. Leveraged GIS tools for spatial data handling and geospatial analysis.

Feedback Collection System | LINK

Designed and developed a full-stack web application to automate user feedback submission and centralized data management. Built responsive frontend interfaces and implemented RESTful backend services with database integration for secure storage and efficient retrieval of feedback data.

Certifications

- AI with Python – IIT Roorkee Apr 2023
- Oracle Certified AI Foundations Associate – Oracle University Aug 2025
- Artificial Intelligence Certification (Grade B) - ICT Academy Aug 2025
- ServiceNow Certified System Administrator (CSA) Jul 2025
- Salesforce Certified Agentforce Specialist Oct 2025
- Java Certification – HackerRank Nov 2023

Achievements

- Played as a core member of the college football team, fostering strong teamwork, communication, and leadership skills.
- Successfully completed 80+ hours of Azure Cloud training through ICT Academy, achieving certification in cloud computing and services.
